Name:			

At home I will remember to or encourage my family to:

DATE:	/	/	/	/	/	/	1	/	/	/	/	/
CARPOOL, CARPOOL, CARPOOL!!!												
Turn off lights, TV, computer, and stereo when not in use												
Shop by phone or internet												
Open the curtains and use sunlight rather than artificial light												
Use any power lawn tools after 6:00 PM during ozone season												
Apply paint with rollers instead of a sprayer												
Use a toaster oven for heating up smaller meals												
Take lunch to work or walk to lunch on high concentration ozone days												
Use electric powered tools to do yard work												
Compost yard waste instead of burning it												
Not let the engine idle unnecessarily												
Not overfill or top off the cars gas tank												
Fill up the car or truck after 6:00 PM during ozone season												
Check the tires regularly and make sure they are properly inflated												
Keep up with a regular maintenance schedule on the automobiles												

At school I will remember to or encourage others to:

	The sensor I will remember to of eneograps officers to.											
DATE:	/	/	/	/	/	/	/	/	/	/	/	/
CARPOOL, CARPOOL,												
CARPOOL!!!												
Make posters to hang around												
the school about preventing air												
pollution												
Turn off lights, computer, and												
shut the door when leaving the												
class room												
Report a "tip of the day" to the												
office for announcements												
Get the ozone forecast and												
report it to the office												
Make sure the PE teacher												
knows the forecast in the AM
